

Bariatric Virtual Group Guidelines

By participating in virtual group sessions, you agree to the following guidelines:

-  I agree to participate via telehealth and acknowledge that I may be liable for any relevant copays or coinsurance depending on my insurance plan. (Nutrition classes only)
-  I acknowledge that other patients will be present and that it is my responsibility to be in a quiet location that ensures privacy for myself and others that are participating.
-  I will not participate in a telehealth service in a way that could cause danger to myself or to those around me (such as driving or walking). If my provider is concerned about my safety, I understand that they have the right to terminate the visit.
-  I will dress appropriately as if I was attending a group session at the hospital.
-  I will try to keep my webcam oriented so that others can see my face.
-  I will refrain from eating during group appointments as it can be disruptive to other's learning.
-  I am allowed one support person who will also follow these guidelines.
-  I will not record any group session.
-  I will not take any screenshots of the group session.
-  I will not use or disclose any information obtained by observing other participants in their personal environment.
-  I will use my first name and last initial as my "guest" name when logging into meetings.
