St. John Foundation

Do you have a Guardian Angel?

Many patients and family members want to show caregivers at St. John Medical Center how grateful they are for their support and compassion. Now you can recognize a special caregiver as a Guardian Angel with a donation of any size.

Any caregiver who makes a difference can be an Angel. All Guardian Angels will be recognized during a special presentation with their peers. They will receive a Guardian Angel pin, a Guardian Angel certificate, and recognition in hospital publications.

Your gift can benefit any program at St. John that you like. St. John is a nonprofit hospital that relies on your donations to keep these programs going.

Please consider making a gift in honor of the grace and compassion of someone who made a difference for you.

For questions about the Guardian Angel program, please contact Cathy Barr, Foundation executive director, at (360) 414-7900. Learn more about the St. John Medical Center Foundation at www.peacehealth.org/lowercolumbia/foundation. To contact us:

- Call (360) 414-7900 or fax (360) 414-7903.
- Mail to St. John Medical Center Foundation, 829 17th Ave., P.O. Box 3002, Longview, WA 98632.
