

“You are appreciated for dedication, thoughtfulness, and a caring heart.”

—Grateful patient

Giving in honor of caregivers

Any caregiver who touches your life can be a Guardian Angel. Your gift honoring Guardian Angels can benefit any program at St. John Medical Center.

To learn more about the Guardian Angel Program and St. John Foundation, please contact Cathy Barr, Foundation Executive Director:

Honoring caregivers

Guardian Angels

Many patients have stories about the talent and compassion of the caregivers at St. John Medical Center. The Guardian Angel Program allows you to make a gift in honor of a caregiver. The following clinicians have been honored as Guardian Angels.

A day for doctors

On Sunday, March 30, St. John celebrated National Doctor's Day to show appreciation to doctors or healthcare providers. All of us who work at St. John Medical Center admire the skill and dedication of St. John clinicians. Every day we see them making crucial decisions, saving lives, and helping patients and their families through difficult emotional and physical experiences.

“Your example continues to uplift and encourage us both, and we will always give heartfelt thanks for your knowledge and dedication to healthcare! Words can never express our gratitude for your ongoing care and concern.”
