

**Sub Internship in Pulmonary Critical Care/ICU  
Sacred Heart Medical Center at RiverBend in Springfield**

**Course No.: 140 PULM**

**Duration: 4 weeks**

**Credits: 6**

**Term: Any**

**Prereq: IMED 720, \*see below**

**Contact: Chris Traver, 541.686.6863**

Students receive clinical training in the multi-disciplinary ICU of Sacred Heart Medical Center at RiverBend, a 432 bed tertiary care hospital. Students will work directly with board certified critical care specialists and will participate fully in all aspects of patient care, including conversations with patient and family members. Students will be responsible for writing history and physicals, consultations, orders, regular progress notes and orders for the care of the patient. The student will be expected to participate in procedures being conducted on their patients. There are opportunities to participate in patient care in the emergency room and operating room, Rapid Response team, "Code Blue" and Trauma teams. Students will have the opportunity to attend lung tumor conference, trauma conference in addition to the CME activities at Sacred Heart Medical Center. The work day will be from 8 am till 6 pm Monday through Friday with a flexible night call schedule, 1-2 times per week. A reading syllabus in critical care is provided. Didactic lectures on common issues in critical care will be held with student/s. Housing is provided. It is anticipated that at the end of the rotation the student will have had an excellent introduction to the practice of critical care management with skills developed in ventilator management and understanding hemodynamic data interpretation and management of the critically ill. Evaluation is by observation of clinical performance by the critical care physicians. Students will be independently evaluated by all intensivists that they rotate with during the month. \*NOTE: Closed to 3rd year medical students prior to June elective block.
