

Thank you for your interest in the *No One Dies Alone* program and for your desire to start a NODA program of your own. Sacred Heart Medical Center and *No One Dies Alone* founder, Sandra Clarke, have created a detailed and comprehensive guide to help you.

We hope you will find the guide, the environmental music for the bedside of the dying and other supporting products helpful as you create and build a program in your own community to serve those who are alone at the end of their lives.
