## Our History

As the region's health care leader and steward for more than 155 years, we're a community-governed, not-for-profit organization established as the first permanent hospital in the Northwest Territories in 1858 by Sister Mother Joseph from the Sisters of Providence.

PeaceHealth is a family of 10 hospitals, dozens of clinics and laboratories, and hundreds of doctors based in the Pacific Northwest and dedicated to our mission of service to each community. Since our founding in the late 1800s in northwest Washington by the Sisters of St. Joseph of Peace, our network of faith-based, mission-oriented PeaceHealth facilities has grown to include services throughout Oregon, Washington and Alaska.

## OUR MISSION

We carry on the healing mission of Jesus Christ by promoting personal and community health, relieving pain and suffering, and treating each person in a loving and caring way.

## OUR CORE VALUES

**Respect** We respect the dignity and appreciate the worth of each person as demonstrated by our compassion, caring and acceptance of individual differences.

**Collaboration** We value the involvement, cooperation and creativity of all who work together to promote the health of the community.

**Stewardship** We choose to serve the community and hold ourselves accountable to exercise ethical and responsible stewardship in the allocation and utilization of human, financial and environmental resources.

**Social Justice** We build and evaluate the structures of our organization and those of society to promote the just distribution of health care resources.
