Parent/Guardian Email Address: ______________________________________________

Teen Heart Student Athlete Screen – youth heart screening is available to any child ages 14-24. *This screen is not intended for children who have a diagnosed heart condition and are followed by a cardiologist. The screen is intended to identify undiagnosed heart disease and should not be a substitute for a cardiology visit or follow-up testing.*

These cardiac tests would typically cost between $125 and $1,500 (depending on the complexity). With the generous support of PeaceHealth St. Joseph Cardiovascular Center, Boston Scientific, Whatcom County Fire District # 7, Whatcom County Fire District #14, Whatcom County Fire District #1 and local businesses in the community, this important screening is **FREE**.
TEEN HEART SCREENING PARTICIPATION AGREEMENT

The Teen Heart Student Athlete Screening is offering a heart screening program for students, athletes, and young adults age 14-24. The information obtained from participants will be reviewed by medical personnel at the event. The identity of the screening participants and information obtained in the screening program will remain confidential and available only to the medical personnel helping at the event. The screening program may include:

- Medical History Questionnaire
- Blood pressure
- Physical examination
- Electrocardiogram (ECG - measures electrical activity in the heart)
- Echocardiogram (Echo - an ultrasound picture of the heart)

Data Collection Analysis and Reporting

The data collected related to your heart screen will be reviewed by medical personnel participating in this event. By agreeing to this heart screen, you understand and provide permission that the information collected about you during the screening process, including the information contained in your medical Heart Health Survey, will be reviewed by medical personnel at this screening. Medical personnel will provide you with a summary of the results of your screening and may recommend additional evaluation through follow-up with your physician or specialist.

By agreeing to participate in the program, if so indicated, you give permission to The Teen Heart Screen and medical personnel to provide your screening results to your physician or cardiologist, and you authorize your physician to share the results and diagnosis of any subsequent testing with The Teen Heart Screen.

I hereby give my permission for images of my child and/or myself, captured during a youth heart screening through video, photo or digital camera, to be used solely for the purposes of the heart screen event promotional material and post-event publicity, and waive any rights of compensation or ownership thereto.

I acknowledge that I have read the above agreement to participate and understand its contents. Any questions have been answered to my satisfaction. I agree to be a participant in this heart screening, and in connection therewith, I consent to the release of information obtained in connection with the screening as described above. I understand that The Teen Heart Screen will not disclose my identity to any third party without my consent. I understand that I may withdraw the screening.

I further agree to hold The Teen Heart Screen, all physicians, technicians, volunteers, and all other persons, entities, individuals and organizations harmless and waive all subrogation rights against The Teen Heart Screen and their directors, officers and volunteers as respects process and results of this free heart screening performed on this day.
