

2013 PeaceHealth Cancer Center Community Cancer Screening Events

The PeaceHealth St. Joseph Medical Center Cancer Center held two screening events in 2013:

Oral, Head and Neck Cancer Screening Event

- In collaboration with the Head and Neck Cancer Alliance
- Held on April 20, 2013
- 69 community members were screened:
 - 3 were recommended for immediate evaluation
 - 13 were recommended for further evaluation
 - 53 were recommended for regular follow-up

Skin Cancer Screening Event

- In partnership with SPOT Skin Cancer, an event sponsored by the American Academy of Dermatology
- Held on June 8, 2013
- 51 community members were screened:
 - 12 were recommended to have referral (to primary care or dermatology), biopsy of a specific area or both referral and biopsy
 - 39 had no specific concerns visualized, and no referral or biopsy were needed
